i have questions lyrics: Lyric Generations G. Gabrielle Starr, 2015-11-01 Eighteenth-century British literary history was long characterized by two central and seemingly discrete movements—the emergence of the novel and the development of Romantic lyric poetry. In fact, recent scholarship reveals that these genres are inextricably bound: constructions of interiority developed in novels changed ideas about what literature could mean and do, encouraging the new focus on private experience and self-perception developed in lyric poetry. In *Lyric Generations*, Gabrielle Starr rejects the genealogy of lyric poetry in which Romantic poets are thought to have built solely and directly upon the works of Chaucer, Spenser, Shakespeare, and Milton. She argues instead that novelists such as Richardson, Haywood, Behn, and others, while drawing upon earlier lyric conventions, ushered in a new language of self-expression and community which profoundly affected the aesthetic goals of lyric poets. Examining the works of Cowper, Smith, Wordsworth, Coleridge, and Keats in light of their competitive dialogue with the novel, Starr advances a literary history that considers formal characteristics as products of historical change. In a world increasingly defined by prose, poets adapted the new forms, characters, and moral themes of the novel in order to reinvigorate poetic practice.

i have questions lyrics: I Have a Question ... Sprinkles of What My Mother and Life Have Taught Me Clarke James, 2008-05 Life questions who we are daily, and long before I understood the true power of my own voice, my mother made an announcement to life on my behalf -- You simply will not happen...well, not without my daughter you won't. She emphasized what life has since shown me through my own experiences. Do not sit in the corner in ignorance. Do not choose to accept things, just because they are. And whatever you do, do not ever shrink from asking questions. I have taken that advice and ran with it. I Have a Question is a collection of some of the greatest lessons I have learned from life and from my mother. Each chapter dives into situations we have all endured at one point and also presents the challenges that someone we know may be facing presently. As unique as we all are, we remain connected by the human factor and have all walked in someone else's shoes at some point in this journey. Life has perplexed me on many occasions. But for the things I fail to understand, I simply ask a bit more only to find out that many have wondered these same things silently. I have a question--why not ask out loud? Actually, I have another -- why not share what you learn along the way? Let's continue the dialogue, and empower each other.

i have questions lyrics: Twenty Questions J. D. McClatchy, 1999-04-01 In Twenty Questions, one of America's finest poet-critics leads readers into the mysteries of poetry: how it draws on our lives, and how it leads us back into them. In a series of linked essays progressing from the autobiographical to the critical—and closing with a remarkable translation of Horace's *Ars Poetica* unavailable elsewhere—J. D. McClatchy's latest book offers an intimate and illuminating look into

the poetic mind. McClatchy begins with a portrait of his development as a poet and as a man, and provides vibrant details about some of those who helped shape his sensibility—from Anne Sexton in her final days, to Harold Bloom, his enigmatic teacher at Yale, to James Merrill, a wise and witty mentor. All of these glimpses into McClatchy's personal history enhance our understanding of a coming of age from ingenious reader to accomplished poet-critic. Later sections range through poetry past and present—from Emily Dickinson to Seamus Heaney and W. S. Merwin—with incisive criticism generously interspersed with vivid anecdotes about McClatchy's encounters with other poets' lives and work. A critical unpacking of Alexander Pope's Epistle to Miss Blount is interwoven with compassionate psychological portrait of a brilliant poet plagued by both romantic longings and debilitating physical deformities. There are surprising takes on the literary imagination as well: a look at Elizabeth Bishop through her letters, and a tribute to the Broadway lyrics of Stephen Sondheim and the tradition of light verse. The questions McClatchy poses of poems prompt a fresh look and the last word. Free of scholarly pretension, elegantly and movingly written, *Twenty Questions* is a bright, open window onto a public and private experience of poetry, to be appreciated by poets, readers, and critics alike.
