teacher appreciation day printable: The Girl from Nip 'N' Tuck Dianne H. Lundy, 2013-07-15 Dianne Hollis graduated from college and embarked on a quest to find two things an ideal job and the perfect man. Time proved that finding either one of them was no easy task. Struggling with difficult classes, unpredictable students, and unreliable men, she managed to keep her sanity by maintaining a sense of humor and putting her trust in God. Inheriting her fathers stubborn streak and her mothers strong sense of Christian faith, she was determined to make it in her chosen profession, no matter what it took to succeed.

teacher appreciation day printable: I Thought It Was Just Me (but it isn't) Brené Brown, 2007-02-01 Researcher, thought leader, and New York Times bestselling author Brené Brown offers a liberating study on the importance of our imperfections—both to our relationships and to our own sense of self The quest for perfection is exhausting and unrelenting. There is a constant barrage of social expectations that teach us that being imperfect is synonymous with being inadequate. Everywhere we turn, there are messages that tell us who, what and how we're supposed to be. So, we learn to hide our struggles and protect ourselves from shame, judgment, criticism and blame by seeking safety in pretending and perfection. Brené Brown, PhD, LMSW, is the leading authority on the power of vulnerability, and has inspired thousands through her top-selling books *Daring Greatly*, *Rising Strong*, and *The Gifts of Imperfection*, her wildly popular TEDx talks, and a PBS special. Based on seven years of her ground-breaking research and hundreds of interviews, *I Thought It Was Just Me* shines a long-overdue light on an important truth: Our imperfections are what connect us to each other and to our humanity. Our vulnerabilities are not weaknesses; they are powerful reminders to keep our hearts and minds open to the reality that we're all in this together. Brown writes, "We need our lives back. It's time to reclaim the gifts of imperfection—the courage to be real, the compassion we need to love ourselves and others, and the connection that gives true purpose and meaning to life. These are the gifts that bring love, laughter, gratitude, empathy and joy into our lives."

teacher appreciation day printable: Student Voice and School Governance Marc Brasof, 2015-06-05 While student voice has been well-defined in research, how to sustain youth-adult leadership work is less understood. Students are rarely invited to lead school reform efforts, and when they are, their voice is silenced by the structural arrangements and socio-cultural conditions found in schools. This volume investigates problems with the neoliberal school reform movement, and how youth-adult partnerships have resulted in more effective reforms within schools and community organizations nationally and internationally. Stemming from an eight-year ethnographic study at a civic-themed public high school, the volume highlights the process of creating a school governance structure which produces active and informed citizens. Made up of executive, legislative and judicial branches, the program gives students the power to make, implement and review school policies and practices—a model that has found to effectively distribute leadership and trigger organizational learning, and is thus at the forefront of civic education.
